2010 Membership Goals

	Goal	2010 Ave.	2011 Target
Golf Membership	225	217	235
House Membership	142	129	152

Members – as you can see – we are very close to our 2010 goal for membership, however, our goal numbers are an average for the year – with that said, we are running behind in total membership dues revenue since we have not been averaging our goal numbers for the year. As you know, the 2010 membership revenue reflects a running average of 225 golf and 142 house members. Even though we are close – we still need to grow our membership heading into the fall and winter. If you know anyone interested in Corning Country Club – please have them contact me at 936.3711.

Watch for Corning Country Club on Big Fox – to help us grow our membership, we have produce two commercials. One commercial focuses on membership and the second will focus on weddings, corporate events, and Holiday parties. Watch for these commercials to air on Big Fox.
